Product Description

TrailMaster Taurus 50EV Electric Golf Kart

The TrailMaster Taurus 50EV is a fully electric UTV built for both work and play. Powered by a 60V brushless motor with 5kW output and an estimated 48-mile range, it delivers reliable all-day performance. With 4-wheel suspension, disc brakes, 25" off-road tires, and a 24 mph top speed, it's ready for tough terrain. Add in a 550 lb dump bed, 441 lb towing capacity, and features like LED lights, digital dash, winch, and hard top, and you've got a versatile, eco-friendly utility vehicle that can handle any job.
